GIGAMEDIA
SMART BUILDING SOLUTIONS

GIGAMEDIA is a French brand created in 1996 that has established itself as the **leading distributor of cabling systems** in France, and has expanded rapidly across Europe and now Canada.

GIGAMEDIA provides **a full range of innovative solutions for small and medium contractors**, dedicated to the distribution of cabling systems, IT and telecommunications networks.

The solutions offered by GIGAMEDIA are key elements of smart building infrastructures with the following ranges: video surveillance kits, cameras, switches and copper cabling solutions that offer a full **GIGAMEDIA solution for your security and datacom projects**.

5 MP KIT (WITH BULLET CAMERA)

4 (or 8) bullet camera

+ 1 PoE NVR 8 (or 16) channel

+ 2 (or 4) TB HDD

CAMERA FEATURES

▸ Video compression: H265 / H264 real time
▸ Type of sensor: 1/2.7'' SC500AI progressive CMOS
▸ Resolution: 5 MP (2880 x 1620 px)
▸ Sensitivity: 0.004 lx
▸ Focal lens: fixed lens, 2.8 mm
▸ Angle of view: 110°
▸ IR 30 m
▸ Installation environment: indoor/outdoor
▸ Power supply: PoE (802.3af) or 12 VDC
▸ IP67
▸ Built-in microphone

NVR FEATURES

▸ Video compression: H265 / H264
▸ Video input: 8 or 16 CH 5 MP PoE powered
▸ Audio output: 1 CH RCA connector
▸ HDMI output: up to 4K
▸ VGA output: up to 1080p
▸ Alarm I/O: 8/1 or 16/1
▸ HDD capacity: 2 TB or 4 TB included (up to 10 TB)
▸ Mobile app: GGM VIEW
▸ AI function: supported

Intelligent analytics functions are embedded in cameras.
These functions are very usefull to anticipate threats, avoid false alarms and help you in your daily business.
Here are all IA functions supported by the camera:

CROSSING LINE DETECTION

QUEUE LENGTH DETECTION

PERIMETER INTRUSION DETECTION

LICENSE PLATE DETECTION

HUMAN AND VEHICULE DETECTION

FACE DETECTION

CROSS COUNTING

HEATMAP

STATIONNARY OBJECT DETECTION

RARE SOUND DETECTION

CROWD DENSITY DETECTION

* All intelligent functions can't be used at the same time.
Please refer the GIGAMEDIA technical support web site for more information.

VIDEOSURVEILLANCE SOLUTION
FISHEYE CAMERA

GIGAMEDIA

5MP **IP66**

The fisheye camera provides a 360° angle of view.

The resolution of 12MP allows to zoom in easily in the picture while maintaining a high level of detail.

The Infrared can light up to 10 m. Built-in microphone can help you for remote check in case of problem.

This device is IP66 rated and also IK10 for installation in harsh environments.

Many analytics functions (AI) are supported by the camera.

Picture can be dewarped through the web interface of the NVR and also the GGM VIEW mobile app.

This discrete camera can be used in open spaces where a 360° surveillance is needed.

8/16/32 CHANNEL
POE NVR

GIGAMEDIA recorders provide excellent value for money for your security installations.

The range is dedicated to small and medium projects, with NVRs that integrate 8 to 16 ports to power your cameras directly and can support up to 32 camera streams (GGM NVR043216P).

The free HDD slots offer a capacity of 10 Tb, for your recordings up to 4K resolution.

All recorders embbed a minimum of 8 alarm inputs to trigger recording on alarm and 1 alarm output.

They also support many AI functions linked with cameras for further pro-active surveillance.

ONVIF compliant (version 2.6 Profile S/T/G), they can accept other brands of cameras*

Additionally, UPnP and P2P protocols will help you configure the remote access easily.

For further comfort, the GGM VIEW app is available on IOS and Android platform for remote access.
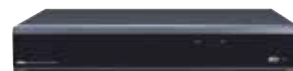

Integration test needed

FEATURES

▸ Maximum recording resolution: 4K
▸ WAN: RJ45 Ethernet port: 1000 Mbps
▸ H265/H264 compression codec
▸ Included power supply: 48 V DC

▸ P2P
▸ UPnP
▸ Intelligent analyticzs function embedded

UNMANAGED SWITCH
POE GIGABIT

The GIGAMEDIA unmanaged Gigabit PoE switches portfolio allows you to extend your network at lower cost while offering increased speed. Available in multiple formats, desktop or 19" rack mounted, from 4 to 24 ports. In order to guarantee the reliability that is needed, the unmanaged GIGAMEDIA Gigabit switches have been rigorously tested. The high PoE capacity from 65 W to 370 W allows you to supply all the IP peripherals such as cameras, WiFi access points or IP telephones. They will be the perfect companion for all your projects going from home users to small businesses.

GGM GS07P

GGM GS24P

FEATURES

▸ From 4 to 24 RJ45 ports
▸ Auto MDI/MDIX for all ports
▸ PoE / PoE+ capable
▸ Plug and Play

▸ 4 kV surge protection
▸ Desktop or 19'' rackmount
▸ Non-blocking switching capacity
▸ 2-year warranty

P/N	DESCRIPTION
GGM GS04P	Unmanaged Switch 6-port Gigabit inc. 4 PoE+ (PoE budget 65 W)
GGM GS07P	Unmanaged Switch 8-port Gigabit inc. 7 PoE+ (PoE budget 110 W)

INJECTOR POE
30 W & 60 W

GIGAMEDIA PoE injectors provide up to 60 W to remote devices on a single RJ45 port.

They support 10/100/1000 Mbps data rates along with the power supply of equipment such as wireless access points, network cameras, IP phones and other high-power Ethernet terminals.

Both models are backward compatible with IEEE 802.3af PoE standard.

MAIN FEATURES

▸ Transmission standard: Gigabit Ethernet
▸ Number of PoE ports: 1

▸ Frequency: 60 Hz
▸ Temperature: 0 °C ~ +40 °C

GGM POEINJ30PI FEATURES

▸ PoE standard: 802.3at (PoE+)
▸ Max. PoE power: 30 W
▸ Power supply: 230 V, 550 mA
▸ Dimension (H x W x D): 140 x 63 x 33 mm

GGM POEINJ60PI FEATURES

▸ PoE standard: 802.3bt (4PPoE)
▸ Max. PoE power: 60 W
▸ Power supply: 230 V, 1100 mA
▸ Dimension (H x W x D): 204 x 130 x 51 mm

GGM POEINJ60PI	Indoor 60 W PoE injector - plastic casing

Keep your eyes on every detail with GIGAMEDIA monitors range!

Dedicated to security applications, the GGM CCMLCD21PPHV monitor is designed to operate 24/7 in Full HD resolution (1080p - 1920 x 1080).

Its LED technology provides a high quality colour rendition while its HDMI/VGA inputs allow a large number of peripherals to be connected.

Its size allows it to be placed on a desk using the supplied foot, or on a wall using an optional VESA 100 mounting bracket.

A must-have for your security applications!

FEATURES

▸ LED panel
▸ Screen size: 21.5'' (54 cm)
▸ Max resolution: 1920 x 1080
▸ Angle of view: 178° horizontal
▸ Display format (ratio): 16/9

▸ Contrast: 1000:1
▸ Brightness: 250 cd/m^2
▸ HDMI 2.0 / VGA inputs
▸ Included: power supply, HDMI cord and foot

▸ Plastic housing
▸ VESA 100 compatible
▸ Dimensions (H x W x D): 380 x 508 x 200 mm

**4 YEAR WARRANTY**   **COMING SOON**
