ABOUT

With 14 branches across Atlantic Canada, Rexel's over 150 trained professionals are pleased to offer one stop shopping to our customers for a wide range of quality products for distribution, lighting, energy savings, communications/data, fire alarm, wire and cable and other electrical products.

Rexel is a leading distributor of electrical products. Operating from 2,200 locations in 38 countries, Rexel delivers quality items and high quality services. Rexel's strategy of partnering with best in class suppliers ensures its customers have access to the best products available on the market.

Rexel is a company committed to high quality customer service. The strength of that commitment by our People is reflected through Rexel's track record of professionalism and customer satisfaction. Rexel's commitment to value and ongoing training and development, enables our teams to provide quality solutions to our customers and empowers us to exceed their expectations, day after day.

PROJECTS

By consistently meeting our customers' project objectives, our Project Team has earned a reputation for performance excellence. Additionally, our drive to exceed our customers' expectations has earned our customers' trust.

We are committed to improving the effectiveness and quality of our project management process. With the help of our Technical Specialists and on-going product training, we are constantly pursuing this goal.

Aside from its top-tier industry partners, Rexel Atlantic also relies on a strong product offering/partnership lineup.

PROJECT SOLUTIONS

Quotes that are accurate and complete

Quality service at every stage, whether working with contractors, end users, or engineers

Execution value derived from our experienced coordination team

Solutions tailored to the needs of our customers
